Out in the garden

April 2025

"Your brain is your garden, what you sow is what you will reap."

Seed it with hope, positive energy, good manners and creativity.

Irrigate it with faith, hard work and good company."

Direct sow:

*greencrops in any gaps – phacelia, lupin, mustard, broadbeans, wheat or oats—we have these instore.

*Corn salad, miners lettuce, mizuna, coriander, rocket.

*Calendula and poppy

Harvest pumpkin and squash once the stalks are dry, potatoes once the tops die down and kumara when its ready.

Yams - will fatten up and get sweeter after the first frosts so leave them be just now.

Thin carrots and parsnips for good sized crops.

Boost leafy greens, leeks, broccoli, cauliflower and cabbage along with weekly liquid feeds

100% natural untreated Wood shavings —
a very versatile product.

Mostly used as animal bedding for small mammals, cows, horses, chickens, pigs and other farm animals. Shavings absorb droppings and odours. Used shavings can be added to compost this makes an excellent fertiliser and mulch for your garden.

If you haven't got a garden or animals, shavings can be used to soak up oil spills, on the compost toilet or as packaging and as craft material.

HAY HAY HAY!!!

We have standard small bales of hay available to purchase —suitable for Pet and stock feed, animal bedding etc.

Special for April 2025
