TREAT YOUR HORSE THIS CHRISTMAS WITH LEOVETIES

Leoveties treats not only taste great, they also have some great health benefits for your horse.

Three great flavours to try!

Show them that you love them with a special treat this Christmas.

REMEMBER YOUR FAVOURITE POOCH WITH A GREAT RANGE OF TREATS

This is a busy time of the year!!

Save time by phoning in or emailing us your order and we will get it ready for you to pick up.

This way you are less likely to forget those vital items your animals need over the holiday season.

Ph: 03 578 0468

Email: orders@kiwiseed.co.nz

Also, shop with us between December 13th & 18th and you can go in the draw for a lovely Xmas Surprise.

Drawn 20th December.

Get your property looking its best for Christmas. Spray any weeds you have in the garden early so they will be sorted before all of your guests arrive. We have a range of weedkillers available to suit any situation.

Apply mulch around garden beds and shrubs to conserve moisture in the soil and give Your garden a uniform look. Daltons Mulch & Grow or Daltons Compost are both great for this purpose.

If you haven't already, apply a light dressing of lawn fertiliser to your lawn and water in thoroughly. This will give it a quick green up.

Watering – give your garden some thorough, deep waterings in the weeks leading up to Christmas. This moistens the soil down into the root zone, encourages plant roots to grow deeper and helps freshen up the garden.

Keep on top of pasture weeds with Buckshot!

Granules are easy to apply directly onto offending weeds. Tips: Keep some Buckshot granules in an old Pump water bottle on your farmbike or in the ute. When you come across a weed while out and about, you have a ready made granule applicator on hand.

Also if you crush the centre of the weed with your boot heel before applying granules, the weed will absorb the granules faster.

Scratch Treat Wreath for Chickens

Here's how to make one for your girls.

You'll need:

Cooking spray

Bundt Pan

1/2 Cup cool water

20gms unflavored gelatin

1-1/2 Cups Boiling water

1 Cup coconut oil

8 Cups of a mixture of Chook Treat, sunflower seeds, raisins, Wild Bird Mix

20 fresh or frozen cranberries

Ribbon

Instructions | Spray Bundt pan with cooking spray and set aside. In a measuring cup, dissolve the gelatin in the cool water and let sit for a minute. Pour the boiling water into a medium bowl and whisk in the gelatin to combine.

In a large mixing bowl, combine the Grains, Seeds, raisins and nuts, stir in the coconut oil and then pour in the liquid gelatin. Mix well with a wooden spoon to be sure all the nuts and seeds are well-coated and all the liquid is absorbed.

Place the cranberries in rows in the indentations in the pan (I used three in half the indentations and two in every other indentation) and then carefully spoon the seed mixture into the pan.

Press down with the spoon to pack it well.

Put the Bundt pan in the refrigerator overnight to set. The next day, take the wreath out of the refrigerator and let come to room temperature. Invert and tap gently on the counter top to unmold.

Tie a pretty ribbon in a bow at the top and then attach the wreath to your run fencing for your chickens or to a tree or fence to treat the wild birds.

We would like to do our bit for the environment by sending out our accounts and newsletters via email.
